Report PDUs

Congratulations on earning your PMI certification!

Now that you are a credential holder, you need to adhere to PMI's Continuing Certification Requirements (CCR) program. To follow the program, participate in professional development activities to earn professional development units (PDUs) to maintain your credential.

Every credential requires a specific amount of PDUs per three-year certification cycle. Since the requirements are different for each one, visit their respective pages to find out more, or read the CCR frequently asked questions.

- Project Management Professional (PMP)®
- Program Management Professional (PgMP)®
- PMI Scheduling Professional (PMI-SP)®
- PMI Risk Management Professional (PMI-RMP)®

The exception to the CCR program is the Certified Associate in Project Management (CAPM)®, which requires you to retake the CAPM® exam before the end of your five-year certification cycle.

Not sure how to earn PDUs? Read 12 Ways to Earn PDUs for activity ideas, or visit PMI Professional Development for a more complete listing of PDU-earning opportunities.

Ready to report your activities? Visit PMI's online CCR system to report PDUs and view your certification records, or download a printable PDU activity reporting form.

CATEGORIAS DE PDU (Educação)

EDUCATION CATEGORIES

CATEGORY A: Courses offered by PMI's R.E.P.s, chapters and communities

Earn PDUs by attending educational courses offered by PMI's Registered Education Providers (R.E.P.s). These providers adhere to quality criteria established by PMI and are solely authorized to issue PDU certificates to attendees. R.E.P.s can be identified by their logo:

Examples of R.E.P.s include schools, consultants, corporate training departments, professional associations, government agencies and PMI chapters. View the searchable database of R.E.P.s and the courses they offer using the online CCR system.

You can also earn PDUs by attending events (seminars, conferences, etc.) offered by PMI, PMI chapters and communities of practice. These event listings can be found on PMI's events calendar or on the websites of your specific chapter or the community of practice to which you belong.

You can also earn PDUs by taking a PMI® Publication Quiz (reading an article and correctly answering at least 80 percent of the questions).

PDU Rule

1 hour of instruction related to project management equals 1 PDU. You can report PDUs in 0.25, 0.50 and 0.75 increments.

Documentation required upon audit request:

Registration form, certificate or letter of attendance

CATEGORIAS DE PDU (Educação)

EDUCATION CATEGORIES

CATEGORY B: Continuing Education

Earn PDUs:

- By completing an academic course being offered by a university or college
  OR
- By attending relevant educational courses, conferences, seminars or symposiums offered by training organizations NOT registered with PMI. This may include training (or a webinar) offered by your employer, another professional or membership association, or a non-R.E.P. training organization. Similar events offered by PMI or PMI chapters and communities may be submitted under the Category A option.

When only a portion of a course relates to project management, calculate PDUs by the percentage of the overall curriculum focused on the topic.

Report each course separately. Entire degree programs will not be recognized for PDU credits, only individual courses.

PDU Rule

1 hour of instruction related to project management equals 1 PDU. You can report PDUs in 0.25, 0.50 and 0.75 increments.

Documentation required upon audit request:

For an academic course, please provide the transcript or grade report indicating a passing mark.

For a non-R.E.P. or community course, please provide the registration form, certificate or letter of attendance, and a brochure or course materials (syllabus) outlining the subject matter covered and the qualifications of the instructor/lecturer.

CATEGORIAS DE PDU (Educação)

Qualifying activities must be relevant to project management, meet a specified purpose, and use knowledgeable resources.

PDU Rule

1 PDU is awarded for every 1 hour spent in a self-directed learning activity listed in this category.
